*We accept items that we sell in our store. They must be clean and not need repair. What does this mean? It means that not every item, even if in excellent condition, is sellable in our store. You might have some good items in your home (like an aquarium), but we don't sell them. So therefore we don't accept them. The issue is how much room we have in the store and what we know sells to benefit IV PADS (Ottawa PADS, Peru PADS, Lily Pads). **THANK YOU for understanding!***
